# Routing related DB Requirements TF Recommendations

---

Database requirements task force has identified several requirements relevant to the scope and charter of Routing WG, all the details are provided here:

<https://www.ripe.net/participate/ripe/tf/rdb-requirements-tf/database-requirements-task-force-recommendations>

5. Publishing routing information
6. Maintaining accurate routing origin information
7. RPSL-NG
8. RPKI database maintenance model

There is no specific progress as of yet. It does not mean that Routing WG community does not care though.
