1. Introduction

IoT WG Co-chairs Constanze Dietrich and Sandoche Balkrichenan welcomed attendees to the session.

Sandoche noted that they had appreciated feedback on the Working Group's activities, that the Charter had been discussed and it had been noted that it was quite broad. He said that they were open to feedback and these topics can be discussed in the AOB or on the mailing list. Constanze introduced the presentation topics and said that if there were no topics raised in the AOB they would extend the Q&A for each presentation.
